

THE GREAT FREDERICK SCAVENGER HUNT 2020

Please Read and Heed:

- Teams must obey all laws and respect all employees of locations involved in this game, including any and all COVID safety protocols
- Teams must properly wear their masks (over nose & mouth) when inside a location
- If I location is marked with a *, teams are permitted to enter the location
- Your team is not allowed to “split up”- where one of you goes, all of you must go
- You are able to complete every clue/challenge without spending any money
- You are able to complete every clue/challenge without leaving the County limits
- Understand that certain locations are not open/accessible 24/7 – plan accordingly
- Notice the rating of each clue: 1 (simple) – 5 (extremely difficult)

Finding a clue/completing a challenge earns you points. The team with the most points wins!

New Puzzle Type: Slayer Stories

Italicized challenges in each section are connected “Slayer Stories” related to the supernatural circumstances of Frederick County. Completing every Photo Challenge in a *Slayer Story* will earn double points for that story. NOTE: photos for Slayer Stories may be taken anywhere in the County, not just in the region listed.

DROP OFF YOUR CLUE BOOK AT 5 N MARKET STREET BEFORE 6 PM ON OCTOBER 31ST!

Names: _____

Email: _____ Phone #: _____

WINNERS WILL BE NAMED ON OUR FACEBOOK PAGE (SO LIKE US)!

THANKS FOR PLAYING!

DOWNTOWN FREDERICK

<i>Location</i>	<i>Rating</i>	<i>Points</i>	<i>Clue</i>	<i>Answer</i>																																																																																																																																																																																																																																															
Earth and Space Science Laboratory	2	200	Grills and Bowman knew it wall, what doth in their "dedicated" building dwell?																																																																																																																																																																																																																																																
	2	200	The rocket outside flexes its might, how high is the rocket's max height?																																																																																																																																																																																																																																																
	2	200	Looking low this end is not Nye, who is the Frederick "Science Guy"?
